

Audiometric Testing: Steps to MIOsha Compliance

1 Who Should Attend . . .

This workshop is a must for anyone that:

- ▶ Conducts employee audiometric (hearing) tests for employers (e.g. audiologists, certified technicians, etc.)
- ▶ Wants to assure that audiometric tests being conducted at or for a company, meet MIOsha standards.

2 Why You Need This Workshop . . .

- ▶ To assure that employee audiometric tests are being conducted and results documented in accordance with MIOsha standards.
- ▶ To gain a greater understanding of the MIOsha Occupational Noise Standard and MIOsha Enforcement's expectations associated with audiometric testing requirements.
- ▶ To assure your company's hearing conservation program is in compliance with MIOsha standards.

3 What You'll Learn . . .

This workshop is designed to promote greater compliance within hearing conservation programs as required in Part 380.Occupational Noise. Significant emphasis will be placed on audiometric testing. Students will learn the required elements of a hearing conservation program, the requirements for audiometric testing, the method for determining a standard threshold shift (STS), requirements for recording and reporting a STS, and the requirements for employee training.

Agenda

*We offer a flexible
program agenda
to emphasize the
safety and health
topics you
want most.*

- ▶ Provide an overview of Part 380. Occupational Noise Exposure and Hearing Conservation Standard.
- ▶ Discuss and explain the required elements of a Hearing Conservation Program.
- ▶ Identify the most frequently cited elements of the Hearing Conservation Program.
- ▶ Discuss the methods for audiometric testing, background sound pressure levels, baselines and revised baselines, and calculating STS's.
- ▶ Learn the proper recording and reporting requirements for STS's on your MIOsha 300 log.
- ▶ Identify what elements must be included in employee training.

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

Facilitator

Kristin Osterkamp
Facilitator

Kristin Osterkamp was appointed to MIOSHA's Consultation Education and Training department in September 2006 and provides service to the SE counties of Michigan for industrial hygiene issues. Kristin has over 12 years of experience as an industrial hygienist and safety professional working for MIOSHA CET, Delphi, Michigan Consolidated Gas Company (Michcon) and MIOSHA enforcement. Prior to joining MIOSHA's CET Division, she worked for Delphi as a Division Industrial Hygienist, with global responsibilities for 25 sites and as a Site Safety Supervisor for Delphi's Engineering Center in Troy, MI.

Kristin is a CIH, CSP and has a Masters degree in Occupational Health from the University of Michigan and a B.S. degree in Chemistry from Elmhurst College in Illinois.

Gregg Grubb

Gregg Grubb was appointed to MIOSHA's Consultation Education and Training Division in September 2006 as a senior industrial hygiene consultant servicing the South-central counties of Michigan. Gregg has worked for the State of Michigan as an industrial hygienist since 1987. During this time, he has spent 13 years working with MIOSHA in various education and training, consultative, and enforcement capacities.

Gregg has a B.S. in Chemical Engineering from Michigan State University. He also serves as a member of the American Conference of Governmental Industrial Hygienists' Industrial Ventilation Committee and is a co-coordinator of Michigan's Industrial Ventilation Conference.
